IEEE 2026 | PROJECT REPORT & SUBMISSION CHECKLIST

Use one copy for the project: **Self-Reflective Large-Language-Model Agent for Explainable Customer Purchase Intention Prediction**.

Project No.: _____ Owner: _____ Sector: Retail / E-Commerce

Project Title: _____

Review Date: _____ Reviewer: _____ Version: 1.0

A. REPORT CHAPTERS

	[ ] 5. Dataset: synthetic-data provenance, feature dictionary, target definition, validation and limitations	[ ] 6. Methodc

B. PROJECT-SPECIFIC AI CHECKLIST

dence, explanation availability and boundary stability	[ ] Counterfactual suggestions are labelled as guidance, not causal proof

C. FIGURES AND TABLES

	[ ] Feature dictionary and validation rules included	[ ] Model eval

D. DATA, ETHICS AND PRIVACY

al identifiers are required by the schema	[ ] Consent, retention, deletion and access-control plans are documented for futu

E. SECURITY AND DEPLOYMENT

	[ ] /predict and /model/metrics reject unauthenticated requests with HTTP 401	[ ] Secure coo

F. REPRODUCIBILITY AND TESTING

	[ ] pytest completes successfully with 3 passing tests	[ ] Unauthoriz

G. SUBMISSION PACKAGE

urchase_intention_project_report.pdf	[ ] IEEE paper PDF included in docs/ieee_purchase_intention_paper.pdf

H. REVIEWER SIGN-OFF

e and observe the protected workspace	[ ] The reviewer understands the difference between local trained inference and
